Nalluru, Andhra Pradesh | +91 7032463755 | sairajuvalluri@gmail.com | github.com/Sairaju999 | linkedin.com/in/valluri-sai-raju

Internships

Infosys Springboard 6.0 — ML Intern Feb – April 2026
AI-PriceOptima Dynamic Pricing Project Remote

- Building an ML-driven dynamic pricing engine using XGBoost and LightGBM based on demand, seasonality, and competitor trends.
- Performed data preprocessing, feature engineering (elasticity, seasonality, competitor index) and model evaluation.
- Developed FastAPI backend and Docker deployment pipeline for scalable real-time predictions.
- Designed React.js dashboard to visualize KPIs, pricing insights, and model outputs.

Salesforce Virtual Internship — SmartBridge (AICTE) May – July 2025
Salesforce Developer Intern Remote

- Developed CRM modules using Apex and Lightning Web Components (LWC).
- Implemented automation workflows, object relationships, and security configurations improving operational efficiency.

Projects

ShopMate AI | GenAI-Powered Intelligent Retail Recommendation System

- Engineered a FastAPI-based GenAI recommendation engine integrating Gemini AI and Firecrawl for real-time retail intelligence and personalized product recommendations.
- Designed a multi-stage inference pipeline combining live product scraping, custom weighted ranking algorithms, response caching, and LLM-driven recommendation generation.
- Implemented session-based contextual memory with isolated multi-user state management and exposed scalable REST APIs for recommendation and memory orchestration.

Wine Quality Prediction | Machine Learning

- Developed ML models using Pandas, NumPy, and Scikit-learn with PCA and ensemble techniques.
- Performed feature engineering and data cleaning to enhance prediction stability.
- Achieved 92% accuracy using stacked ensemble with Logistic Regression meta-classifier.

HandsMen Threads | Full-Stack E-Commerce Platform

- Developed responsive e-commerce platform with product listings, search, cart, and order workflow.
- Designed modular and scalable architecture with clean UI/UX.
- Enhanced frontend performance and user experience through optimized layout and navigation.

Education

SRM University – AP 2023 – Present
B.Tech in Computer Science Engineering (CGPA: 8.15) Amaravati

Tirumala Junior College 2021 – 2023
Higher Secondary (MPC) – 96% Visakhapatnam

Skills

Programming:	C, C++, Python, PHP
Web Development:	HTML, CSS
Databases:	SQL
AI/ML:	Scikit-learn, Pandas, NumPy, PCA, Ensemble Models
Tools:	GitHub, VS Code, Streamlit, Jupyter Notebook
Core CS:	Data Structures & Algorithms (DSA), Design and Analysis of Algorithms (DAA)

Certifications

- | | |
|--|---|
| • Oracle Certified: Java SE 17 Developer | • Salesforce SmartBridge Internship Certificate |
| • Research Participation Certificate | • Udemy SQL Certification |
| • IBM Generative AI Credential | • Coursera Programming Fundamentals |
